

## All-in-one Inventory Management Software Built for *Retina Practices*

At **ArbiMed Inventory** we know how challenging it can be to find a balance between scheduling patients, making sure you have just the right amount of drug on hand and documenting each encounter. That's why, in addition to our base features, ArbiMed Inventory also provides a dose-tracking module that is custom built to meet the unique needs of Retina clinics.

### Day to Day Features in Clinic

	Base	Retina
<b>Dose Assignment</b> - assign retina doses to the patients easily and properly	<input type="radio"/>	<input checked="" type="radio"/>
